

WEB BHARAT MEDIA

Websites | Apps | Custom CMS | Business Software
Media Technology | IT Solutions

We design practical digital systems around the way organisations actually work - from the public website to the internal workflow, admin control and integrations.

01 **PUBLIC EXPERIENCE**

02 **CUSTOM CMS**

03 **BUSINESS OPERATIONS**

04 **INTEGRATIONS + DATA**

SINCE 2016

Jabalpur, Madhya Pradesh, India

From digital front door to operating backbone.

One technology partner can connect customer experience, content control, operational workflows and integrations.

01

Web & Portals

Corporate sites, service websites, content portals, lead funnels and responsive public experiences.

02

Custom CMS

Purpose-built admin panels with roles, workflows, approvals, content and operational control.

03

Mobile Apps

Customer, staff, reporter and field-force experiences connected to web systems and APIs.

04

Business Software

Billing, purchase, sales, inventory, CRM, bookings, warehouse and workflow-led systems.

05

Media Technology

News CMS, digital newspaper workflows, ePaper, reporter tools, breaking news and publishing.

06

Integrations

Payment gateways, WhatsApp, email, APIs, automation, analytics, exports and app-CMS sync.

Your business. Your workflow. Your own software.

Custom CMS development is a core Web Bharat capability. The system is shaped around the operation rather than forcing the operation into a generic template.

Restaurant & Food

Hotel & Resort

Hospital & Clinic

School & College

News & ePaper

Retail & POS

Inventory & Warehouse

Real Estate

Travel & Tours

Events & Banquet

Scrap & Recycling

Common modules

Roles & permissions | Orders & bookings | Billing & stock | Approvals | Reports | API | Payments | WhatsApp | Analytics

Case studies with context - not a logo wall.

The current portfolio records below are presented as public portfolio projects. Additional historical claims should be added only when supported by owner confirmation or archived evidence.

NEWS & MEDIA

Revanchal Times

Regional newsroom presence, structured publishing and ePaper connectivity.

PUBLIC RECORD

NEWS & MEDIA

Narsinghpur Kesari

Digital newspaper website for a Hindi regional publication.

PUBLIC RECORD

NEWS & MEDIA

Askari Times

Responsive digital publishing platform for ongoing newsroom output.

PUBLIC RECORD

NEWS & MEDIA

Dainik Sandhya Bandhu

Online publishing presence supporting a daily newspaper brand.

PUBLIC RECORD

NEWS & MEDIA

Khabri Guru

Web-first content distribution and publication experience.

PUBLIC RECORD

Workflow first. Technology second.

01

DISCOVER

Goals, users, pain points and the current process.

02

ARCHITECT

Modules, roles, database, integrations, SEO and migration.

03

BUILD

Responsive UI, CMS, apps, APIs, automation and testing.

04

GROW

Deployment, analytics, support and iterative improvement.

Portfolio integrity standard

No fake testimonials, invented client counts or unverified historical claims. Presentation artwork is labelled clearly, and archived project facts are published only after evidence is recovered.

Let us map your next system.

A website, mobile app, custom CMS, news and ePaper platform, business software - or a workflow that needs a purpose-built solution.
